Here's What Else You Should Know

New Things in 2019

Wednesday Social Basic Practice Sessions 8:15pm - 9:00pm

Enroll for all 8 weeks and get your practice time in...

Created for our Social Basic Beginners with a focus on the dances they are learning in classes.

Weeks 1-4 of practice sessions will correspond to the 1st dance being offered in your class.

Weeks 5-8 of practice sessions will correspond to the 2nd dance being offered in your class.

Thursday Rueda(Salsa Class)7:30 pm

We need a minimum of 4 couples or more (up to 10) who can commit to an entire term without missing a class. Since success in dancing Rueda is based on partnerships this is very important. Consider it carefully before you commit your time.

What is Rueda

Rueda is Salsa dancing in round dance form. You will be able to change partners while dancing Salsa without stopping the dance or music. The figures are easy to learn. There is a Rueda caller who tells you what figure to dance and when to change partners.

If everyone has the fun I think they'll have the plan is to continue the Rueda for at least 3 terms.

It might become the most fun thing happening in the studio in 2019 and you'll be a part of it.

Friday Dance Party Lessons

We've made the Dance Party Friday a Smidge Longer because...

We are adding a brief lesson to each Dance Party Friday event. We'll teach traditional ballroom and Latin dances as well as some different line dances. The dance will change with each Dance Party Friday so you won't want to miss a single week. You won't learn to dance just from these special lessons because that's what your group classes and private lessons are for, however we guarantee you'll have a ton of fun as you explore how creative you can be with different dances.

See you all at the next Dance Party Friday
